## **Shantibarta Foundation - from Director's Desk**

**Kamruzzaman and Habibur Rahman**

We would like to thank everyone who took time out of their busy schedule to attend today's event. We are also conveying our gratitude to those who are directly and indirectly connected with Shantibarta's family, even if they are unable to attend.

Today we are meeting at the second anniversary of Shantibarta, which indicates that every member is finding time out of their busy schedule to do something for the society with all their heart. This is the exact idea because of which Shantibarta was founded a couple of years ago.

Our family, school and society have been a great support for us for where we are today or where we will be in the future. "This cycle must go on" - from this motto, we are extending our small endeavor for those who are waiting for support or need a helping hand in the society. We can stand by these people by taking some time out of our busy schedule or through some new idea or financial help. Basically from that thought, the Shantibarta was created so that we can get connected with this foundation to contribute back to the society.

NGO – Everyone is more or less familiar with this term. Shantibarta has been registered as a Section 8 company keeping in mind the big plans for the future. A Section 8 Company is an organization which is registered as a Non-Profit Organization (NPO). Although our work started slowly, it feels good that the work we have done has been excellent as a social contribution. It can be seen that many NGOs, after setting up, do a lot of work but gradually lose enthusiasm. So we have taken the approach of quality work without a rush. However, it is true that even though Shantibarta started walking alone, it is willing to work hand in hand with other NGOs in the coming days.

Today, on behalf of Shantibarta, we thank our compatriots whose tireless work, organizational ability, and skills have helped us move forward. There is a saying "We Can't Help Everyone but Everyone Can Help Someone". To spread the idea to everyone for empowerment for a better life. I am proud to be the director of such an organization. Let's twist that famous quote of Gandhiji - "Do or Die" to - "Do before you Die" and get ourselves inspired.

There are several plans to make Shantibarta self-sustaining. We have been able to do some work in the health sector. We have undertaken some important projects in education and other fields. There are plans to do more in the future with your help. Our admin panel will let you know about a few today. Without further delay, I pray for the success of the Shantibarta on this grand meeting today.
